The Blessed Life "Get to Give"

Discussion Questions

This past Sunday we all learned that you reap what you sow. In your life, have you ever seen a harvest that was a direct effect from what you had sowed earlier?

Not only do you reap what you sow, you also reap after you sow. Too many times we want the harvest before we sow but it just doesn't work that way. In order to reap a harvest, what do you need to begin sowing today?

You also reap more than you sow! It's amazing that when you plant an apple seed, you don't just get another apple seed; you get a whole apple tree! Take a few minutes to dream about what you'd like to see God do in and through your life. What's it going to take to get there? (think through all that was shared during this series from budgeting to tithing to sowing)
